

# PRINTABLE STORY CUBES

**Here's how to make your own Story Cubes!**

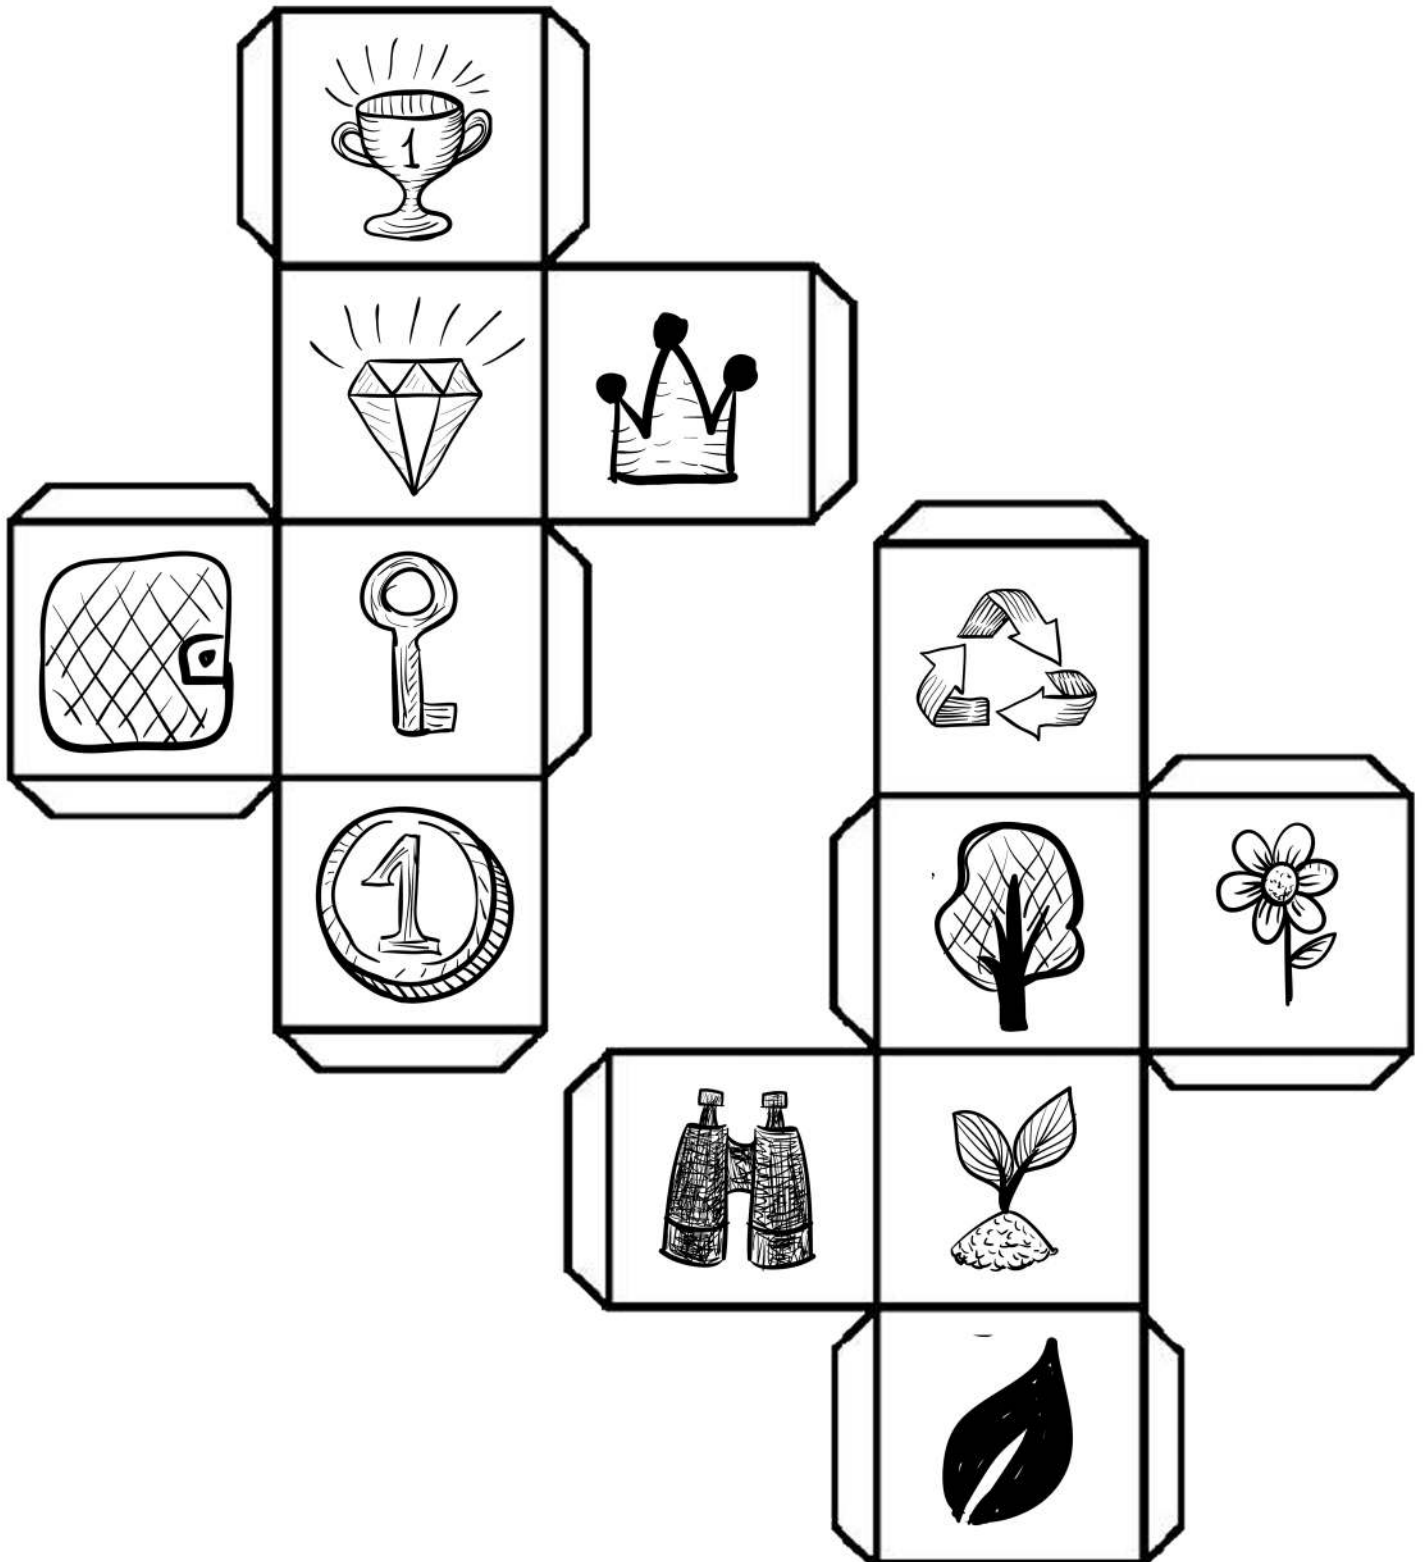

- 1. Print this document out.**
- 2. Cut out the cubes using scissors (ask a grown-up!)**
- 3. Colour the cubes and then stick them together.**
- 4. Roll the cubes all at once and make a story from the pictures on them!**

**You can say your story aloud or you can write it down and share it with the world!**
